

Protek IC

Heavy Duty Industrial Floor Cleaner

PROTEK IC is ideal for outdoor areas cleaning in Hotels, Public Places, Parking Lots and Industrial Floors. Can be used on concrete floors, cleaning Heavy material handling equipment, Receiving/loading/serving docks, Staff locker rooms. It is especially suitable to remove petroleum-based soils such as motor oil, hydraulic fluid, lithium grease, lubricating oil, stamping oil etc.

Key Features:

- Highly effective formulation.
- Fast acting.
- Surfactants with superior wetting action perform the cleaning and de-greasing.
- Super surfactant blend provides quick penetration and initial removal of soil.

Benefits:

- No VOC
- Not affecting indoor air quality.
- High dosage not affecting the pH from permissible discharge limit of wastewater.
- Effective environmental alternative to conventional industrial de-greasers.
- Bio-degradable surfactants.

Directions for use:

1. Dosage:

PROTEK IC is concentrated industrial floor cleaner.
50 – 100 ml / liter water (5 to 10%) recommended dosage.

2. Application:

a. Industrial cleaning and de-greasing –

It can be used as a general-purpose degreaser or in conjunction with automatic scrubbing equipment. It can also be diluted and applied with a coarse sprayer, sponge, brush or mop. It is excellent to clean most of the surfaces not harmed by water. Rinse thoroughly after applicable.

b. Pressure washing –

- Select the nozzle for pressure washer.
- Allow solution to penetrate for 3 to 5 minutes.
- Rinse thoroughly with clean water.

Technical Specifications*:

Appearance	Colourless to pale yellow liquid.
pH (1%)	9 – 11 (Alkaline)
